Professional Experience

Founding Engineer
ValidateLens | New York, NY | Aug 2024 – Dec 2025
- Built scalable credit-based purchasing system with real-time balance updates and transaction histories.
- Shipped the MVP in under 3 weeks, enabling early user validation and acquiring 18 users in the first month.
- Built Progressive Web App version to improve offline support and accessibility, increasing engagement.
- Integrated analytics to track review submissions and credit purchases, supporting data-driven decisions.

Senior Frontend Software Engineer
Rue21 | Warrendale, PA (Remote) | Feb 2024 – May 2024
- Launched mobile react native version of internal tool for retrieving inventory data
- Implemented lazy loading and code splitting, reducing load time by 25%.
- Optimized React components with memoization and Context API, reducing unnecessary re-renders by 20%.

Senior Frontend Software Engineer
Once Upon a Time Hospitality | New York, NY | Dec 2022 – Dec 2023
- Standardized git processes resulting in a 25% reduction in environment issues and reducing time waste.
- Led transition from a limited in-house content management system to a more reliable third-party provider.
- Migrated 10+ client sites from ReactJS to Next.js, improving average site load times by over 20%.

Lead React Developer
Quadency | New York, NY | Feb 2021 – Dec 2022
- Developed QuadX trading widget with real-time updates, resulting in a 25% increase in user engagement.
- Built end-to-end bot fees experience, generating a 15% rise in revenue from trade executions.

Systems Integration Engineer
Summitworks Technologies | South Plainfield, NJ | Jun 2019 - Dec 2020
- Integrated SAP Concur with Workday, automating expense reporting and HR data synchronization.
- Leveraged Concur APIs and middleware, cutting approval and reimbursement processing times by 30%.

Education

Rutgers University - B.S in Supply Chain Management   Newark, NJ
Aug 2012 – May 2017
